

Pragmatech Healthcare Solutions Pvt. Ltd. receives Infosys Foundation Aarohan Award 2025

Congratulations

Pragmatech Healthcare Solutions Pvt. Ltd. has been conferred the Infosys Foundation Aarohan Award 2025, recognizing its contributions toward improving access to cervical cancer screening in India.

The award was presented by Sudha Murty, whose continued advocacy for cervical cancer awareness and prevention has significantly contributed to advancing the national dialogue on women's health.

Pragmatech Healthcare Solutions is focused on enabling accessible and dignified cervical screening, addressing a critical gap in early detection and preventive healthcare. Through its solution, CERVICHECK, the company aims to promote timely diagnosis and improve health outcomes for women across diverse settings.

This recognition highlights the organization's efforts in developing impactful, healthcare-driven innovations, while navigating the challenges associated with building medical and impact-oriented startups in India.

Congratulations to the team, and best wishes for their success!
